Overview Summary

[Paragraph and quick bullet points providing general overview]

Library Accessibility Alliance (LAA) Evaluation

- Link to relevant [LAA Evaluation](#) if applicable:
- Submitted [form](#) to request review?

Manual Evaluation according to POUR Rubric

(Perceivable, Operable, Understandable, Robust)

Perceivable (can be accessed with more than one sense)

Evaluate for captions, alternative image text, screen reader success:

Notes	Screenshot(s)
•	
•	

Operable (provides flexible navigation options and can be accessed with a variety of input methods)

Attempt to navigate website using only keyboard (tab and shift tab to go forward and back):

Notes	Screenshot(s)
•	

Understandable (behaves in an intuitive, logical, and predictable way)

Attempt to intuitively navigate website, looking for [usability issues](#) (e.g., help or documentation, clearly labeled links):

Notes	Screenshot(s)
•	

Robust (works across browsers and devices, follows standards)

Attempt to view website in multiple browsers, devices; attempt to zoom in to resize text:

Notes	Screenshot(s)
•	

High-level [WAVE](#) findings:

Notes	Screenshot(s)
Errors <ul style="list-style-type: none"> • [] Alerts <ul style="list-style-type: none"> • [] Notes <ul style="list-style-type: none"> • [] 	

Communicating Findings

Stakeholders	Item	Status/Notes
DUL Colleagues	BTAA Evaluation or, High-level summary of CRA Accessibility Review	
Content Providers	BTAA Evaluation (or flag that we have submitted to BTAA for review) or, High-level summary of CRA Accessibility Review
